TEXAS VIRTUAL
SCHOOL NETWORK

The TxVSN is a state-led initiative for online learning authorized by Education Code Chapter 30A. The TxVSN is a partnership network administered by TEA in coordination with regional education service centers (ESCs), Texas public school districts and charter schools, and institutions of higher education.

The TxVSN is comprised of two components—the online school (OLS) program and the statewide course catalog.

19 TAC 70.1001(4)

ONLINE SCHOOL
(OLS) PROGRAM

“Online School (OLS) program” is a full-time, virtual instructional program that is made available through an approved provider district and is designed to serve students in grades 3–12 who are not physically present at school. *19 TAC 70.1001(7)*

A TxVSN OLS may serve students in grades 3–12 but may not serve students in kindergarten–grade 2.

A school district wishing to operate a TxVSN OLS in order to serve students in full-time virtual instruction shall, prior to the start of each academic year, notify TEA of grade levels to be served and the total number of students to be served during that academic year. A school district may not add grade levels after the start of the school year.

A TxVSN OLS or a school district wishing to begin operating a TxVSN OLS shall certify that the OLS has courses sufficient to comprise a full instructional program for each grade level served by the OLS prior to serving that grade level.

ELECTRONIC
COURSE

“Electronic course” means an educational course in which:

1. Instruction and content are delivered primarily over the Internet;
2. A student and teacher are in different locations for a majority of the student’s instructional period;
3. Most instructional activities take place in an online environment;
4. The online instructional activities are integral to the academic program;
5. Extensive communication between a student and a teacher and among students is emphasized; and
6. A student is not required to be located on the physical premises of a school district or open-enrollment charter school.

An electronic course is the equivalent of what would typically be taught in one semester. For example: English IA is treated as a single electronic course and English IB is treated as a single electronic course.
