Title 1--Pampa ISD Showcase

Future Ready

November 7, 2016—5:30-7:30PM

Pampa High school

The showcase is an event that encompasses grades k-12 focusing on academic lessons. Progression of learning and curriculum is presented by placing the content areas together beginning with Kindergarten and concluding at 12th grade. Student led lessons, fine arts performances, PE routines and Art displays contribute to the evening showcase. This is truly a “district event” from the set-up to clean-up with most PISD departments contributing in some way to make this a memorable event for all.

Parents and community members were greeted and given maps and a schedule for the evening when they arrived. PHS Students and PISD staff volunteers welcomed guests at sign in tables and helped guests with directions and served as guides.

The commons area housed the PE performances along with Social Studies, Math, VIPs, CTE, Bilingual and Foreign Language. McNeely field house showcased Head start, Science projects and ELA presentations. Elementary Art projects lined the Library hall way and PJH/PHS art projects filled the Rotunda area. The auditorium and library held theater and choir performances and the main hall way was lined with GT tables.

The Audio/Video Production class at PHS interviewed and filmed the event while the Technology department furnished technical support and helped parents to complete an exit survey on Pampa ISD iPads for a chance to win an iPad mini.

Attendance—2,296 people signed in

Advertisement Educational Showcase—Flyers, Go Green E-mails, Chamber of Commerce event calendar, PISD Website, PISD Campus Facebook and/or Twitter, Posters, Push button notification on PISD app, All District email, and Remind text from each campus.
