Overview/General Information

McKinney-Vento Homeless Assistance Act

Definition of Homelessness
(McKinney-Vento Act Sec. 725(2); 42 U.S.C 11435(2))

Policies and Procedures

Dissemination of Educational Rights

McKinney-Vento Homeless Education Assistance Act of 2001

The McKinney-Vento Homeless Assistance Act (Subtitle B-Education for Homeless Children and Youth), reauthorized in January 2002, ensures educational rights and protections for children and youth experiencing homelessness. Services to homeless children are required by Local Educational Agencies in the No Child Left Behind Act, and are primarily found under the requirements of the McKinney-Vento Homeless Education Assistance Act of 2002 (Title X, Part C No Child Left Behind Act) and under Title I.

Definition of Homelessness (McKinney-Vento Act Sec. 725(2); 42 U.S.C 11435(2))

The term “homeless children and youths”

means individuals who lack a fixed, regular, and adequate nighttime residence...; and

includes—

children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; or living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings ...

children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

Policies and Procedures

McKinney-Vento Homeless Education Assistance Act, Sec. 722(g); 42 U.S.C. 11432(g):

Students must be provided the opportunity to enroll in, and have full and equal opportunity to succeed in, the schools of Pampa Independent School District. The intent of the McKinney-Vento Act is to ensure that students in homeless situations are or will be given the opportunity to meet the same challenging state academic achievement standards all students are expected to meet. It is the policy of Congress that students in homeless situations should have access to the education and other services they need to ensure that they have an opportunity to meet the same challenging state student academic achievement standards to which all students are held.

Schools must not provide services in settings within a school that segregate homeless children and youth from other children and youth, except as is temporarily necessary. Homelessness alone is not sufficient reason to separate students from the mainstream school environment. States that receive McKinney-Vento assistance (as Texas does) are prohibited from segregating homeless students in separate schools, separate programs within schools, or separate settings within schools.

Dissemination of Educational Rights

All schools within the Pampa Independent School District shall ensure that public notice of the educational rights of students in homeless situations is disseminated where children and youth receive services under the Act. Posters will be posted at the Pampa ISD enrollment offices and in the community at places that families who are homeless or at risk of losing their housing may learn about their educational rights and who to contact for help.

Section 2

Identification and Eligibility

Identifying Homeless Students

Eligibility of Homeless Students for Title I Services

Educational and Related Opportunities

Identifying Homeless Students

Children and youth in homeless situations are difficult to identify for many reasons and often go unnoticed by school personnel. Students and parents may try to hide their situation because they are embarrassed by their homelessness. In addition, the fear of having children taken away often prevents families from informing school officials of their living circumstances. Unaccompanied youth may not report their homeless status for fear of being returned to unsafe family environments. Children and youth who are not enrolled in school and who are not living in shelters are even more invisible to schools and their communities. Yet these students must be identified as homeless if they are to enroll, attend, and succeed in school. The law, therefore, requires all school districts, ensured by the District Homeless Liaison and in coordination with school personnel and other agencies, to identify students in homeless situations. Identifying students in homeless situations is also an important way to create greater awareness of homelessness in the school district and community.

Eligibility of Homeless Students for Title I Services

Title I of the Elementary and Secondary Education Act, Sec. 1115(b)(2)(E); 20 U.S.C. 6315(b)(2)(E):

A child or youth that is homeless and is attending Pampa Independent School District is automatically eligible for Title I homeless services, regardless of their current academic performance. There is no need to restrict the use of Title I set-asides to non-Title I schools.

PISD will set aside 1% of the district Title I funds to provide services to homeless students on any/all campuses. Funds not expended for this purpose will be available for Title I campuses to expend after the school year concludes.

Identifying Students

Teachers/Secretaries who are concerned that a student may qualify as homeless are to contact the campus counselor and ask him/her to refer the student to the homeless liaison. If a parent states that the family is homeless, the parent should be referred to the campus counselor who will then contact the homeless liaison.

At Enrollment, the enrollment clerk will have the parent/guardian complete the Student Residency Questionnaire. When completed, the questionnaire will be sent to the District Homeless Liaison who will then verify the information and notify food services, import the information in Skyward for PEIMS purposes, notify campus principal, notify primary teacher, and campus counselor.

Educational and Related Opportunities

The District Liaison, enrollment clerk, or other staff members must inform parents or guardians of educational and related opportunities available to their children and provide them with meaningful opportunities to participate in the education of their children.

Section 3

School Options

School Selection

School of Origin

Written Explanation of the Denial of School Selection

School Selection

Homeless students may choose to enroll in any public school that students living in the same attendance area are eligible to attend, or in their school of origin. Pampa Independent School District will enroll the child to be served in the attendance area school or continue the child's enrollment in the school of origin based upon what is in the best interest of the child.

School of Origin

Pampa Independent School District must keep homeless students in their schools of origin, to the extent feasible, unless it is against the parent or guardian's wishes. Students are permitted to remain in their schools of origin for the duration of their homelessness or until the end of any academic year in which they move into permanent housing. "School of Origin" is defined as the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Changing schools greatly impedes students' academic and social growth. A "rule of thumb" is that it takes a child four to six months to recover academically after changing schools. Highly mobile students have also been found to have lower test scores and lower overall academic performance than peers who do not change schools. Therefore, the law requires that we do what is in the best interest of the child, including keeping a child in the school of origin, to the extent feasible unless it is against the parent's or guardian's wishes. In the case of an unaccompanied youth, the District Homeless Liaison will assist with the placement and enrollment of the youth, and must take the youth's wishes into account.

Written Explanation of the Denial of School Selection

The District Homeless Liaison must provide a written explanation of the decision and the right to appeal if a student is sent to a school other than that requested by a parent or guardian, or, in the case of an unaccompanied youth. The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

Section 4

Enrollment

Immediate Enrollment of Students

How to Help with Enrollment of Homeless Students

Enrollment of Unaccompanied Youth and Notice of Appeal

Enrollment of Students Pending Resolution of Disputes

Potential Enrollment Barriers and Possible Solutions

Immediate Enrollment of Students

Pampa Independent School District will ensure immediate enrollment of students in homeless situations. PISD will enroll students even if they do not have required documents, such as school records, medical records, proof of residency, or other documents. Students will be allowed to attend classes and participate fully in school activities.

Children and youth experiencing homelessness often do not have the documents ordinarily required for school enrollment. However, school may be the only opportunity for children and youth to benefit from a stable environment, uninterrupted adult attention, peer relations, academic stimulation, and reliable meals. Immediately enrolling students in homeless situations in school provides stability and avoids separating children from school for days or weeks while documents are located.

How to Help With Enrollment of Homeless Students

To protect privacy, take the family to a private location for enrollment.

Offer help in completing forms. Hesitation may indicate an inability to read.

Assure parent(s) their child can enroll even if the family doesn't have a "regular place to live" right now.

Enroll the child immediately (without medical records). Ask the name of the last school attended and call for records.

While enrolling, the student/parent will complete the *Student Residency Questionnaire (Attachment A)* and send it to the District Homeless Liaison. Necessary paper work will be completed and recorded by the Liaison.

If school records are missing, solicit the help of a teacher or counselor in assessing academic status to avoid misplacement.

Give the child paper and pencils and other important school supplies.

Arrange for lunch and breakfast.

Be sensitive, patient, calm and reassuring. You can make a difference.

Enrollment of Unaccompanied Youth and Notice of Appeal

The District Homeless Liaison or trained school staff must help unaccompanied youth choose and enroll in a school after considering the youth's wishes, and provide youth with notice of their right to appeal an enrollment decision that is not their choice. The District Homeless Liaison must ensure that unaccompanied youth are immediately enrolled in school pending resolution of disputes that might arise over school enrollment or placement.

Unaccompanied youth have the right to:

Remain in their school of origin (to the extent feasible) or attend any public school that students living in the same attendance area are eligible to attend;

Receive notice from the District Homeless Liaison of their right to appeal an enrollment decision that is not their choice;

Attend classes and participate fully in school activities immediately, even if they do not have a parent or guardian to enroll them or have required documents, such as school records, proof of residency, or other documents;

Be free from segregation, isolation, and stigmatization;

Have comparable access to school meals, English language services, vocational and technical education, gifted and talented services, special education, Head Start, Even Start, pre-school, and Title I services; and

Have disputes resolved promptly and attend the school they choose while disputes are pending.

Enrollment of Students Pending Resolution of Disputes

If a dispute arises over school selection or enrollment in a school, the child or youth shall be immediately admitted to the school in which enrollment is sought, pending resolution of the dispute. The child, youth, parent, or guardian shall be referred to the District Homeless Liaison who shall carry out the dispute resolution process as expeditiously as possible as in accordance with the Enrollment Disputes section of the McKinney-Vento Act as follows:

Work with the Campus Administration to ensure that enrollment disputes are mediated in accordance with the enrollment disputes section of the McKinney-Vento Act as follows:

(i) The child or youth shall be immediately admitted to the school in which enrollment is sought, pending resolution of the dispute;

(ii) The parent or the guardian of the child or youth shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or youth to appeal the decision;

(iii) The child, youth, parent, or guardian shall be referred to the District Homeless Liaison who shall carry out the dispute resolution process;

(iv) In the case of an unaccompanied youth, the District Administration shall ensure that the youth is immediately enrolled in school pending resolution of the dispute.

---------------------	--

Most educators feel a connection to the students they teach. They want the best for them. However, few educators have had the experience of being homeless and may not be aware of what it is like to be homeless. They may not know the telltale signs of homelessness. When a student is identified as homeless, the teacher should be told privately and confidentially. Sensitivity to homeless issues must be nurtured and concrete strategies to meet the education needs of homeless students should be implemented.

Section 5

Student Records

Obtaining School Records

Maintenance of Records

Immunizations and Immunization Records

Obtaining School Records

Enrolling schools must request school records from the previous school. Students must be enrolled in school while records are obtained.

Pampa Independent School District will immediately enroll students in homeless situations, even if they do not have required documents such as school records, medical records, proof of residency, or other documents. The term “enroll” is defined as attending classes and participating fully in school activities. There is a 30-day “grace period” from the time a child enrolls in a public school for the documents establishing the child’s identity, school records from the most recently attended school, and the required immunization record to be supplied to the school district. Schools within Texas are required to comply with records transfer requests within 30 days, and Federal guidelines also require districts to transfer records to schools in other states when requested.

Maintenance of Records

Any record ordinarily kept by the school, including immunization or medical records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, regarding each homeless child or youth shall be maintained so that the records are available, in a timely fashion, when a child or youth enters a new school or school district; and in a manner consistent with section 444 of the General Education Provisions Act (20 U.S.C. 1232g).

Immunizations and Immunization Records

If the child or youth needs to obtain immunizations or medical records, the District Homeless Liaison or Campus Nurse, will assist in obtaining immunizations or medical records. Students must be enrolled in school in the interim.

The Texas Education Code requires that students be granted a 30-day “grace period” from the time a child enrolls in a public school for the record of required immunizations to be supplied to the school district.

Section 6

Services

PISD Services to Homeless Students

Coordination of Services

Comparable Services

Transportation

PISD Services to Homeless Students

PISD services to homeless students will include free breakfast and lunch, transportation, access to special programs, counseling, tutorials, summer school, vision/hearing assistance, medical assistance, school supplies, and field trips and other services as needed and requested.

Coordination of Services

Pampa Independent School District shall coordinate the provision of services with local social services agencies and other agencies or programs providing services to homeless children and youths and their families, including services and programs funded under the Runaway and Homeless Youth Act (42 U.S.C. 12705) to minimize educational disruption for homeless children and youths who become homeless. This coordination shall be designed to ensure that homeless children and youths have access and reasonable proximity to available education and related support services (such as referrals to health, mental health, dental, and other appropriate services) and to raise awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness.

Agencies providing services to children, youth, and families in homeless situations may be identified through a variety of resources. Many of the communities in Texas have local homeless coalitions that coordinate services to the homeless and have listings of services available in the community for specific needs. A listing of all the homeless coalitions in Texas may be found on the Texas Homeless Network (THN) website at <http://www.thn.org>. Shelters for the homeless, food banks, community churches, welfare assistance programs, Texas Workforce Commission offices, and employment centers may also have information on community resources and referrals for persons experiencing homelessness. PISD will also provide a list of local community agencies that may be of assistance to the family at the time of enrollment.

Comparable Services

Each homeless child or youth to be assisted shall be provided services comparable to services offered to other students in the school selected, including transportation services, educational services for which the child or youth meet the eligibility criteria (Title I homeless services, Head Start, Even Start, pre-school, educational programs for children with disabilities or for students with limited English proficiency), programs in vocational and technical education, programs for gifted and talented students, school nutrition programs and before- and after-school care, as needed.

Transportation

Pampa Independent School District must provide students experiencing homelessness with transportation to and from their school of origin, at a parent or guardian's request. For unaccompanied youth, Pampa Independent School District will provide transportation to and from the school of origin at the Principal's request. "School of origin" is defined as the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled. If the student's temporary residence and the school of origin are in the same district, that district must provide or arrange transportation. If the student is living outside the school of origin's district, the district where the student is living and the school of origin's district must determine how to divide the responsibility and cost of providing transportation, or they must share the responsibility and cost equally. In addition to providing transportation to the school of origin, the district must provide students in homeless situations with transportation services comparable to those provided to other students.

Educational Support

District Homeless Liaison's Role

What the Principal Can Do

What the Teacher Can Do

What the Counselor Can Do

What the School Nurse Can Do

What the Support Staff Can Do

District Homeless Liaison's Role

Pampa Independent School District's District Homeless Liaison will:

Disseminate critical information concerning the rights of the homeless student to all campuses.

Ensure that procedures are established and followed on each campus to provide each homeless student with a free and appropriate education.

- Distribute information and provide in-service training regarding homelessness.
- Work with campus staff and administration to facilitate success of the homeless program and each homeless student.

Arrange school transportation. Keep students in same school regardless of parent's change of residence.

Post information regarding the availability of school programs and services for homeless students in community areas.

Post public notice of the educational rights of students in homeless situations at the campus.

Inform parents and guardians and unaccompanied youth of all transportation services, including to the school of origin and assist in accessing transportation services.

Provide parents with names and numbers of where to call for both school and community service assistance and personally assist them to make contacts.

Make sure parents feel welcome and set the tone for further parent involvement.

Establish a trusting relationship with parents.

Maintain a cumulative count of the number of homeless students living within school boundaries.

What the Principal Can Do (*indicates requirements by law)

*Appoint a school liaison for homeless.

* Prepare support staff on enrollment procedures and exceptions to make for homeless students. A child or youth that is homeless is automatically eligible for Title I services, regardless of their current academic performance. Homeless students at Title I AND non-Title I schools must receive services.

*Facilitate training at the campus level.

Welcome students. Address them by name.

Make sure parents feel welcome and set the tone for further parent involvement.

Prepare staff on procedures needed to achieve a smooth entrance into school.

Remove barriers to promote a stable school environment and experience.

Appoint a staff person to do a brief educational assessment, if necessary.

Inform staff that the student is living in a homeless situation.

Be sure child receives free breakfast and lunch.

Spend time with a homeless student.

Keep in close contact with staff; encourage detection and prevention of problems.

Allow students to express frustrations and allow opportunities to do so in other ways in addition to verbalizing (e.g. drawing).

Build self-esteem by providing work in which the child can experience success.

Inquire about health problems e.g. asthma, epilepsy, sickle cell anemia, lead poisoning, and diabetes.

Assist in making arrangements for appropriate supervision if the students becomes ill and needs to go "home."

Coordinate with other school staff in assisting homeless children and youth.

Assist other staff members in understanding health and family issues of homeless students/families.

Inform students/families of reliable and accessible community programs.

Refer families for subsidized critical services, e.g. medical, dental, food, housing, adult education. Assist families to access services.

Coordinate with families to identify and meet the health, nutritional, and sleep/rest needs of students.

As a resource to families, provide/coordinate instruction in first aid, safety, nutrition, and self-advocacy.

Follow-up on students not attending school to determine and help to resolve the cause, e.g. incomplete immunizations, illness, behavior. The law requires that students be admitted regardless of immunization history.
